Dear Brother Orbović,

We have received your letter of 12 March 2024 and have considered it with great care. We are aware of the political negotiations that are being conducted in Brussels between the governments of Kosovo and the Republic of Serbia, and that there is no significant progress, to the detriment of ordinary people.

Workers and their families have daily needs and face now difficulties in receiving salaries in Serbian dinars and using dinars to pay their obligations and purchase food and other needs in their daily life.

We want to inform you that we are following this political process and that we believe that workers and their families should not be held hostage of political disagreements. Workers everywhere must have their fundamental rights protected and their interests taken due care of by responsible policy-makers.

We express our strong hope that a political agreement will be reached and that security and conditions for a better life and work of all citizens will be improved, so that everyone can live in peace and security.

In solidarity,

Luc Triangle
